Team ID	LTVIP2025TMID29519
Project name	A Crm Application for Banquet Hall Booking
Maximum marks	

Chapter – 9

Advantages & Disadvantages

✅ Advantages

Automation & Efficiency:

Streamlines booking, approvals, and notifications using Flows and Process Builder

Real-Time Availability:

Customers can instantly check hall schedules and book without delays

Centralized Data

All bookings, customer info, and services stored securely in one system

Service Integration

Catering, décor, entertainment linked directly to each booking

Customer Portal

Experience Cloud enables self-service booking and tracking

Analytics & Reporting

Dashboards provide insights into revenue, occupancy, and customer feedback

Scalability

Easily supports multiple venues and service providers

Security & Access Control

A CRM APPLICATION FOR BANQUET HALL BOOKING

Role-based permissions protect sensitive data

Improved Communication

Automated emails/SMS keep customers and staff informed

Reduced Errors

Validation rules prevent double bookings and data inconsistencies

✖ Disadvantages

Initial Setup Complexity

Requires planning, customization, and skilled Salesforce development.

Cost

Licensing, customization, and integration may incur significant expenses.

Learning Curve

Admins and staff need training to use Salesforce tools effectively.

Internet Dependency

System access and booking require stable internet connectivity.

Customization Limits

Some unique business needs may require external tools or custom code.

Over-Reliance on Automation

May reduce personal touch in customer interactions.

Maintenance & Updates

Ongoing support needed for flows, objects, and integrations.
